“ I was excited to surround myself with some of the most intelligent and insightful people in entrepreneurship. I thought it would be a fantastic opportunity to expand my knowledge and network and learn from the best of the best. QuantumShift gives you the opportunity to bring up your problems and talk to people that you would not otherwise have had the opportunity to, so you don't have to do entrepreneurship alone.”

> **Vanessa Heim,**
Brenco Industries Ltd.

“ The QuantumShift Program is a unique opportunity to be around 50 other business leaders from across Canada. It's an opportunity to be around really smart people. I would recommend QuantumShift to anyone who thinks that they're a good leader but is humble enough to recognize that you don't have all the answers, and the way you look at something isn't necessarily always the right way.”
